Keeping Your Company Safe and Comfortable Is What We Do

As a division of Mark's, Mark's Commercial is able to offer our customers complete access to the innovative thinking, design and manufacturing that Mark's and our vendors put into its industrial clothing, offering you what you are looking for in colour, fit and quality.

During our Industrial Campaign we can offer you savings in quantity as well. The more you purchase, the more you'll save on the items shown on the following pages.

INDUSTRIAL

W O R K W E A R

DAKOTA

The work day is almost over
and you're still comfortable
in your Dakota's.

The quality shows in all of our Dakota workwear and industrial footwear
at the end of the day. You can thank our attention to the details and innovations
like T-Max® insulation, and Hyper-Dri® to name just a few.

Our exclusive DAKOTA brand continues to be the choice for Canadians
who care about what they wear on the job.

WE MAKE PROFESSIONAL GRADE GEAR TO HELP PEOPLE STAY AND FEEL ALIVE

Founded in Norway in 1877, Helly Hansen continues to develop professional-grade gear that helps people stay and feel alive. Through insights drawn from living and working in the world's harshest environments, the company has developed a long list of first-to-market innovations, including the first supple waterproof fabrics over 140 years ago. Other breakthroughs include the first fleece fabrics in the 1960s, the first technical base layers in the 1970s, made with Lifa® Stay Dry Technology, the waterproof and breathable solution, HELLY TECH®, launched in the 1980's, and today's LifaLoft™ technology, an insulation revolution that will keep you warmer with less weight and bulk compared to traditional polyester insulation.

This polyester-cotton blend work shirt is constructed with permanent-press heavyweight twill fabric that's both strong and abrasion-resistant. The seams are sewn with a durable polyester core-wrapped thread that won't shrink or pucker, ensuring that the shirt always looks as good as new. The collar is attached to a collar band, giving it a smooth curve around the neck and permanent stays allow for a crisp, neat look all day long.

FEATURES

- 65% Polyester/35% Cotton Twill.
- Permanent press, shrink-free fabric releases soils and stains.
- Regular shirt collar with collar band and permanent stays. Short sleeves and snap-front closure.
- Chest pockets with snap-down flaps.
- Easy care. Machine wash and dry.

**MEN'S THOMPSON INSULATED BIB OVERALLS**

The shell is water-repellent, making them ideal for changeable weather and the fit is generous for accommodating under-layers. For a personal fit, these overalls have adjustable elastic suspenders and elastic at the back waist. There's PU-coated nylon reinforcement in strategic areas that help to extend the life of the garment. The overalls have a two-way zipper at the front, protected with a storm flap, which offers a pass-through area should you need to get at your inner pant pockets.

FEATURES

- 3M™ Scotchlite™ Reflective material in CSA pattern.
- Water repellent.
- Generous fit accommodates layering; adjustable elastic suspenders; elasticated back waist; snap adjustment on legs.
- Polyurethane coated Oxford nylon reinforcement on bottom, knee and hem-facing areas.
- Large front bellowed pockets; large back pocket with Velcro® closure; inside storage pocket.
- Full 2-way heavy duty zipper with outer storm flap and pass-through option.
- Easy care, machine wash, hang to dry.

**MEN'S NARVIK BIB OVERALLS**

Stay visible and prepared for wet conditions on the jobsite with these Helly Hansen Workwear Narvik bib overalls. The work overalls are crafted with fully waterproof fabric and construction to keep you comfortable and dry throughout your shift. PU coating throughout and double-layered fabric at the knees provide added resistance to everyday wear and tear, extending the life of the garment. Ankle zippers make it easy to fit the men's overalls over your boots, while adjustable stretch fabric suspenders give them a secure, customized fit.

FEATURES

- 170g 100% Polyurethane coated Polyester.
- Waterproof fabric and construction.
- Adjustable fabric suspenders.
- Inner chest pocket with zipper closure.
- Double layered fabric at knees.
- Ankle zippers.
- Machine wash. Do not use fabric softener.

WHERE SAFETY WORKS

BE SAFE, BE SEEN.

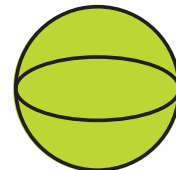

Imagine a garment that provides visible confidence to the wearer in all types of light situations on the job.

DAKOTA's new jackets and vests with VizLite™ Dual Technology is a combination of phosphorescent and reflective technologies and is a revolution in safety. VizLite Dual Technology phosphorescence offers a third level of protection, when there is low light or no light, by giving off an intense glow for up to 8 hours, without the use of batteries.

2" reflective material in 4" contrasting tape meets WCB/Worksafe/DOT configuration. VizLite™ Dual Technology material contains both microscopic glass beads that act as light reflectors, reflecting light back to its original source and photoluminescent crystals which absorb UV energy that is then emitted as a light source in low or zero light conditions.

You'll find these innovative items on pages 49, 54 and 58 of this publication.

THERMAL TOP & PANT****FEATURES**

Enjoy an extra layer of softness and warmth on a cold winter's day or night camping under the stars. This microfleece thermal long underwear with DRIWEAR™ moisture management keeps you dry and insulated when the chill is in the air. Made with cosy micro denier polyester, this thermal undergarment is the ideal layer under work clothes, ski pants and anytime you need extra protection against the cold. Eco-friendly and weather-ready, they have Mark's exclusive X-ODOR built into the yarn to eliminate bacteria and odours for a fresh, clean feeling that lasts.

- 100% Micro Denier polyester.
- DRIWEAR Advanced one-way moisture management to keep you dry.
- X-ODOR TECHNOLOGY provides chemical free protection against bacteria and odour. Anti-odour application remains in the yarn, even after laundering.
- Anti-static, UVA and UVB protection.
- Easy care, machine wash and dry.

T-max®

Our lightest, warmest insulation.

T-MAX® insulation is a lightweight, hypo-allergenic insulation that provides warmth without the bulk and allows moisture to move away from the body to help regulate your body temperature. T-MAX® insulation is made with a combination of high performance fibres that keep the body warm, dry and comfortable and are machine washable with excellent loft retention. T-MAX® insulation is also used in footwear to regulate the temperature of your feet and allow moisture and excess heat to escape.

**CARBON SERIES SAFETY GLASSES**

Helly Hansen's Carbon Series Safety Glasses feature a lightweight nylon frame and a comfortable rubber nose-piece. Built with non-slip components, these glasses will stay in position during wear, while resisting perspiration. Ballistic grade polarized lenses give you clarity and an accurate field of view. The safety glasses meet requirements for high-velocity impact and ballistic fragmentation impact protection.

FEATURES

- Nylon frame.
- TPR rubber nose-piece.
- 2.2mm Polarized Polycarbonate lens. Ballistic grade.

SAFETY COMPLIANCE

XSA Z94.3 and ANSI Z87.1 requirements for high-velocity impact. MIL PFR-32432, Clause 3.6.3.1 Class 1.

3 INTERCHANGEABLE LENS SAFETY GLASSES

Protect your eyes from UV rays and work hazards with these safety glasses from Helly Hansen. The glasses include three interchangeable lenses (smoked, copper and clear) and feature Armorshield® coating, which provides anti-smudge, dust-repellent and water-repellent protection. The frames are made of durable, flexible nylon, and the non-slip nose pads help keep the glasses firmly in place. These glasses come with two carrying cases and a break-away cord, and the lenses are rated to exceed safety requirements for high-velocity impacts.

FEATURES

- Three interchangeable lenses: Smoked, Copper, Clear.
- Armorshield® Coating.
- 99.9% UV Protection.
- Durable, flexible nylon frame temple construction, ventilation cap and co-injection non-slip TPR temple components and nose pads.
- Micro-fibre pouch.

SAFETY COMPLIANCE

2.2mm high-impact polycarbonate lens with impact resistance that exceeds CSA Z94.3 and ANSE Z87.1 requirements for high-velocity impact.
