 **Mark's**
COMMERCIAL

A woman with long brown hair, wearing a light blue sleeveless top, stands behind a modern, multi-tiered wooden retail counter. She is smiling at the camera. On the counter, there is a cash register and a tablet displaying the 'Mark's' logo. Behind her, a large digital screen shows a woman in a white t-shirt. The background features shelves stocked with various clothing items, including bags and hats, and a sign that reads 'WOMENS' is visible on the left.

Show the card at any Mark's store to receive your specified discount for a variety of store items shown on the card.

These cards are re-useable and valid until the expiry date found at the bottom of the card. The card must be presented for discounts to be applied against regular priced items. In the event of an item being sale priced, the lower price will apply.

CLIENT VOUCHER

Simply show the voucher at any Mark's store to receive the specified discount shown for a variety of store items listed on the voucher.

The voucher must be shown for discounts to be applied against regular priced items. In the event of an item being sale priced, the lower price will apply.

Our new footwear purchasing card contains all the benefits of the voucher combined with a more flexible client reporting experience and easier in-store purchasing.

The card is only to be used
on industrial footwear.

Colors, sizes may be limited in some styles due to unforeseen circumstances. Consult your corporate sales person for the most up-to-date information on styles shown in this book.

Look for these symbols with each style to know if it's suitable for your profession.

INDUSTRIAL

DAKOTA

MEN'S UNLINED DUCK BIB OVERALLS

Equipped with plenty of pockets for your tools, these Dakota unlined bib overalls are made with snag and abrasion-resistant cotton duck fabric for extra toughness on the job. DAKOTA

MEN'S SHORT SLEEVE BUTTON WORK SHIRT

This polyester-cotton blend work shirt is constructed with permanent-press heavyweight twill fabric that's both strong and abrasion-resistant. The seams are sewn with a durable polyester core-wrapped thread that won't shrink or pucker, ensuring that the shirt always looks as good as new. The collar is attached to a collar band, giving it a smooth curve around the neck and permanent stays allow for a crisp, neat look all day long.

FEATURES

- 65% Polyester/35% Cotton Twill.
- Permanent press, shrink-free fabric that releases soil and stains.
- Regular collar with collar band and permanent stays. Short sleeves and button-front closure.
- Chest pockets with button-down flaps.
- Easy care. Machine wash, tumble dry.

DAKOTA

MEN'S SHORT SLEEVE SNAP WORK SHIRT

This polyester-cotton blend work shirt is constructed with permanent-press heavyweight twill fabric that's both strong and abrasion-resistant. The seams are sewn with a durable polyester core-wrapped thread that won't shrink or pucker, ensuring that the shirt always looks as good as new. The collar is attached to a collar band, giving it a smooth curve around the neck and permanent stays allow for a crisp, neat look all day long.

FEATURES

- 65% Polyester/35% Cotton Twill.
- Permanent press, shrink-free fabric that releases soil and stains.
- Regular collar with collar band and permanent stays. Short sleeves and button-front closure.
- Chest pockets with snap-down flaps.
- Easy care. Machine wash, tumble dry.

DAKOTA

MEN'S LONG SLEEVE SNAP WORK SHIRT

This Dakota snap front work shirt is made to last. Its heavyweight twill fabric resists abrasion for impressive durability. A banded 2-piece top-stitched collar with permanent stays provides a neat and professional appearance. The fabric is treated with a soil and stain release finish that makes laundering easier.

FEATURES

- 6 oz. 65% Polyester/35% Cotton.
- Heavyweight twill fabric is durable and abrasion-resistant. Seams use polyester core wrapped thread that won't shrink and cause puckering.
- Banded, 2-piece top-stitched collar with permanent stays.
- 2 chest pockets.
- Pearl snaps on front placket and sleeve cuffs.
- Easy care. Machine wash and dry, can be dry cleaned.
- Soil and stain release finish. Permanent press.

Considerations When Purchasing Workwear

Factors when purchasing workwear include safety, comfort, durability, functionality, quality and design. Here is some helpful advice when buying business workwear.

Consider Your Company Image

The workwear you choose must fit within the nature of your work as well as being practical. A corporate image requires a professional uniform and the colours must match your brand. The right workwear will convey the right image for your business.

Consider Workplace Functionality

Consider what your employees actually do in their day-to-day jobs. Do they need extra pockets? Or maybe some protective knee pads? These type of small details really make the difference between a good uniform and a great one.

Consider Customizing Your Workwear

If you customize your workwear with your business logo or company name you are also taking advantage of the uniform to promote your business. It's a smart way to advertise your company and this method of advertising is very effective.

Whatever business you are in, your image is important.

Always take the time to choose the best workwear that is consistent with your company image.

Innovations Explained

RAIN DEFENDER®

Amazingly durable and dependably water repellent, moisture beads up and rolls off. Rain Defender® Durable Water Repellent.

FULL SWING®

Looks traditional, feels exceptional. Engineered design provides stretch without bulk and every element works with you so you can work easier. Classic Carhartt engineered for maximum range of motion.

RUGGED FLEX®

Is gear that is made to move in, so whatever you're doing, it's easier to do. Rugged Flex® is stretch technology that's made for ease of movement. The Rugged Flex® designation is given to materials that meet Carhartt's defined standards for stretch and recovery.

STORM DEFENDER®

Gear with a waterproof, breathable membrane and waterproof seams. Storm Defender® Waterproof Breathable protection.

HYPER-DRI HD3®

Waterproof & breathable – Our best water protection. A waterproof barrier is laminated to the underside of the outer fabric and a durable water repellent (DWR) treatment is applied on the outside of our casual and industrial clothing and accessories. Waterproof zippers and all seams are sealed to keep you and your valuables dry.

T-MAX®

Maximum warmth and superior comfort. T-MAX® insulation is a lightweight insulation in our clothing, shoes, boots and accessories that provides warmth without the bulk and allows moisture to move away from the body to help regulate your body temperature. Keeping you warm, dry and comfortable.

FLEXTECH®

Specialty fabric with excellent stretch and long-lasting shape, ensuring that our casual and industrial clothing feels comfortable and will retain its shape throughout its lifetime. Our FLEXTECH® WAISTBAND in men's pants is an integrated elastic that allows the waistband to expand as needed, providing a custom and comfortable fit.

STAIN REJECTOR®

STAIN REJECTOR® fabrics are used in our men's pants to repel liquid so spills instantly bead up and wipe off without leaving a mark.

MIMIX®

Utilize a patented, science-based design featuring lightweight stretch panels that improve overall mobility and increase breathability for all-day comfort.

TOUCH-TEX™

Superior color retention, soil release and wickability. TOUCH-TEX PRO™ has the same features as Touchtex™ but with an even softer hand.

HELLY TECH® FABRIC

Helly Tech® is constructed with Polymer Polyurethane (PU) based membranes and coating technologies. The PU membrane gives softness and stretch to the fabric, while the coating allows waterproofness and breathable qualities. Helly Tech® is made either with Hydrophilic barrier membranes or Microporous membranes, depending on the end-use purpose of the fabric.

LIFALOFT™

Developed in cooperation with Primaloft®, LIFALOFT™ is a combination of LIFA®'s unique insulation structure and Primaloft®'s extensive knowledge in synthetic insulation.

With increased warmth, lightweight insulation and superior moisture management properties. LIFALOFT™ technology is an insulation revolution that will keep you warmer with less weight and bulk compared to traditional polyester insulation.

PRIMALOFT™

Primaloft® is a synthetic insulation technology, offering superior thermal properties with excellent water repellency. It is made up of ultra-fine fibers that form air pockets to trap heat inside. Additional feature of the ultra-fine fiber is super softness.

CORDURA®

Designed for living and built to last, the original durable CORDURA® fabric that has excellent resistance to abrasion and excellent tear strength, has proven performance in many of the world's toughest environments. Made with 100% high tenacity air jet textured nylon 6,6 filament yarns in a range of sizes.

RIPSTOP

Ripstop fabrics are woven fabrics, often made of nylon, using a special reinforcing technique that makes them resistant to tearing and ripping. During weaving, (thick) reinforcement yarns are interwoven at regular intervals in a crosshatch pattern. Thin and lightweight ripstop fabrics have a 2-dimensional structure due to the thicker yarns being interwoven in thinner cloth. Advantages of ripstop are the favourable strength-to-weight ratio and that small tears can not easily spread.

WOMEN'S RUGGED FLEX TWILL DOUBLE FRONT BIB OVERALL

FEATURES

- 12 oz., 96% cotton/4% Elastane.
- Built to move with Rugged Flex® stretch technology.
- Carhartt-strong, triple-stitched main seams.

WOMEN'S INDUSTRIAL WEAR

Innovations Explained

carhartt

RUGGED FLEX®

Is gear that is made to move in, so whatever you're doing, it's easier to do. Rugged Flex® is stretch technology that's made for ease of movement. The Rugged Flex® designation is given to materials that meet Carhartt's defined standards for stretch and recovery.

DAKOTA HYPER-DRI HD3®

Waterproof & breathable – Our best water protection. A waterproof barrier is laminated to the underside of the outer fabric and a durable water repellent (DWR) treatment is applied on the outside of our casual and industrial clothing and accessories. Waterproof zippers and all seams are sealed to keep you and your valuables dry.

DAKOTA

T-MAX

Maximum warmth and superior comfort.

T-MAX® insulation is a lightweight insulation in our clothing, shoes, boots and accessories that provides warmth without the bulk and allows moisture to move away from the body to help regulate your body temperature. Keeping you warm, dry and comfortable.

MIMIX®

Utilize a patented, science-based design featuring lightweight stretch panels that improve overall mobility and increase breathability for all-day comfort.

TOUCH-TEX™

Superior color retention, soil release and wickability. TOUCH-TEX PRO™ has the same features as Touchtex™ but with an even softer hand.

OVER SIZE STYLES MAY BE EXTRA. PRICES EFFECTIVE UNTIL DECEMBER 31, 2021

SUPPLIES ARE LIMITED IN SOME STYLES. Contact your Mark's Commercial Sales Representative for information on program pricing and volume discounts.

WOMEN'S HI-VIS ORANGE SAFETY VEST

You gain an extra level of protection wearing the Pioneer Women's Hi-Viz Safety Vest. Made in a lightweight fabric, the vest is tapered at the waist for a feminine fit and it flares slightly at the bottom. It has plenty of tool pockets for your workday gear, including a radiophone clip strap so you can stay in touch with easy access. The safety aspect is covered with high-quality StarTech™ reflective tape on high-viz bands.

FEATURES

- Tricot polyester interlock.
- V-Neck and tapered waist.
- Flared bottom with rounded front.
- ID pocket with pen holders. Chest pockets, front flap pockets, cell phone pocket and inside pocket. Radiophone clip strap
- Zippered front closure.

SAFETY COMPLIANCE

High-quality StarTech™ reflective tape on hi-viz bands. Compliant with CSA Z96-15 Class 2 Level 2 and ANSI/ISEA 107-15 Class 2 Type P and R.

HI-VISIBILITY WORK WEAR

CSA Z96 Standards Explained

CSA Class 1

Apparel consists of a basic harness or stripes/bands over the shoulders and encircling the waist. The center portion of the torso bands between the two vertical bands is optional.

CSA Class 2

Provides wearer with more visibility than Class 1. Apparel has full coverage of the upper torso (front, back, sides and over the shoulders) and includes bib-style overalls. Stripes/bands are composed of retroreflective or combined performance materials.

CSA Class 3

Provides the greatest visibility for the wearer under poor light conditions and at great distances. Apparel meets the same requirements as Class 2 with the addition of bands around both arms and legs. These bands are made up of combined performance stripes/bands or a combination of retroreflective and background material.

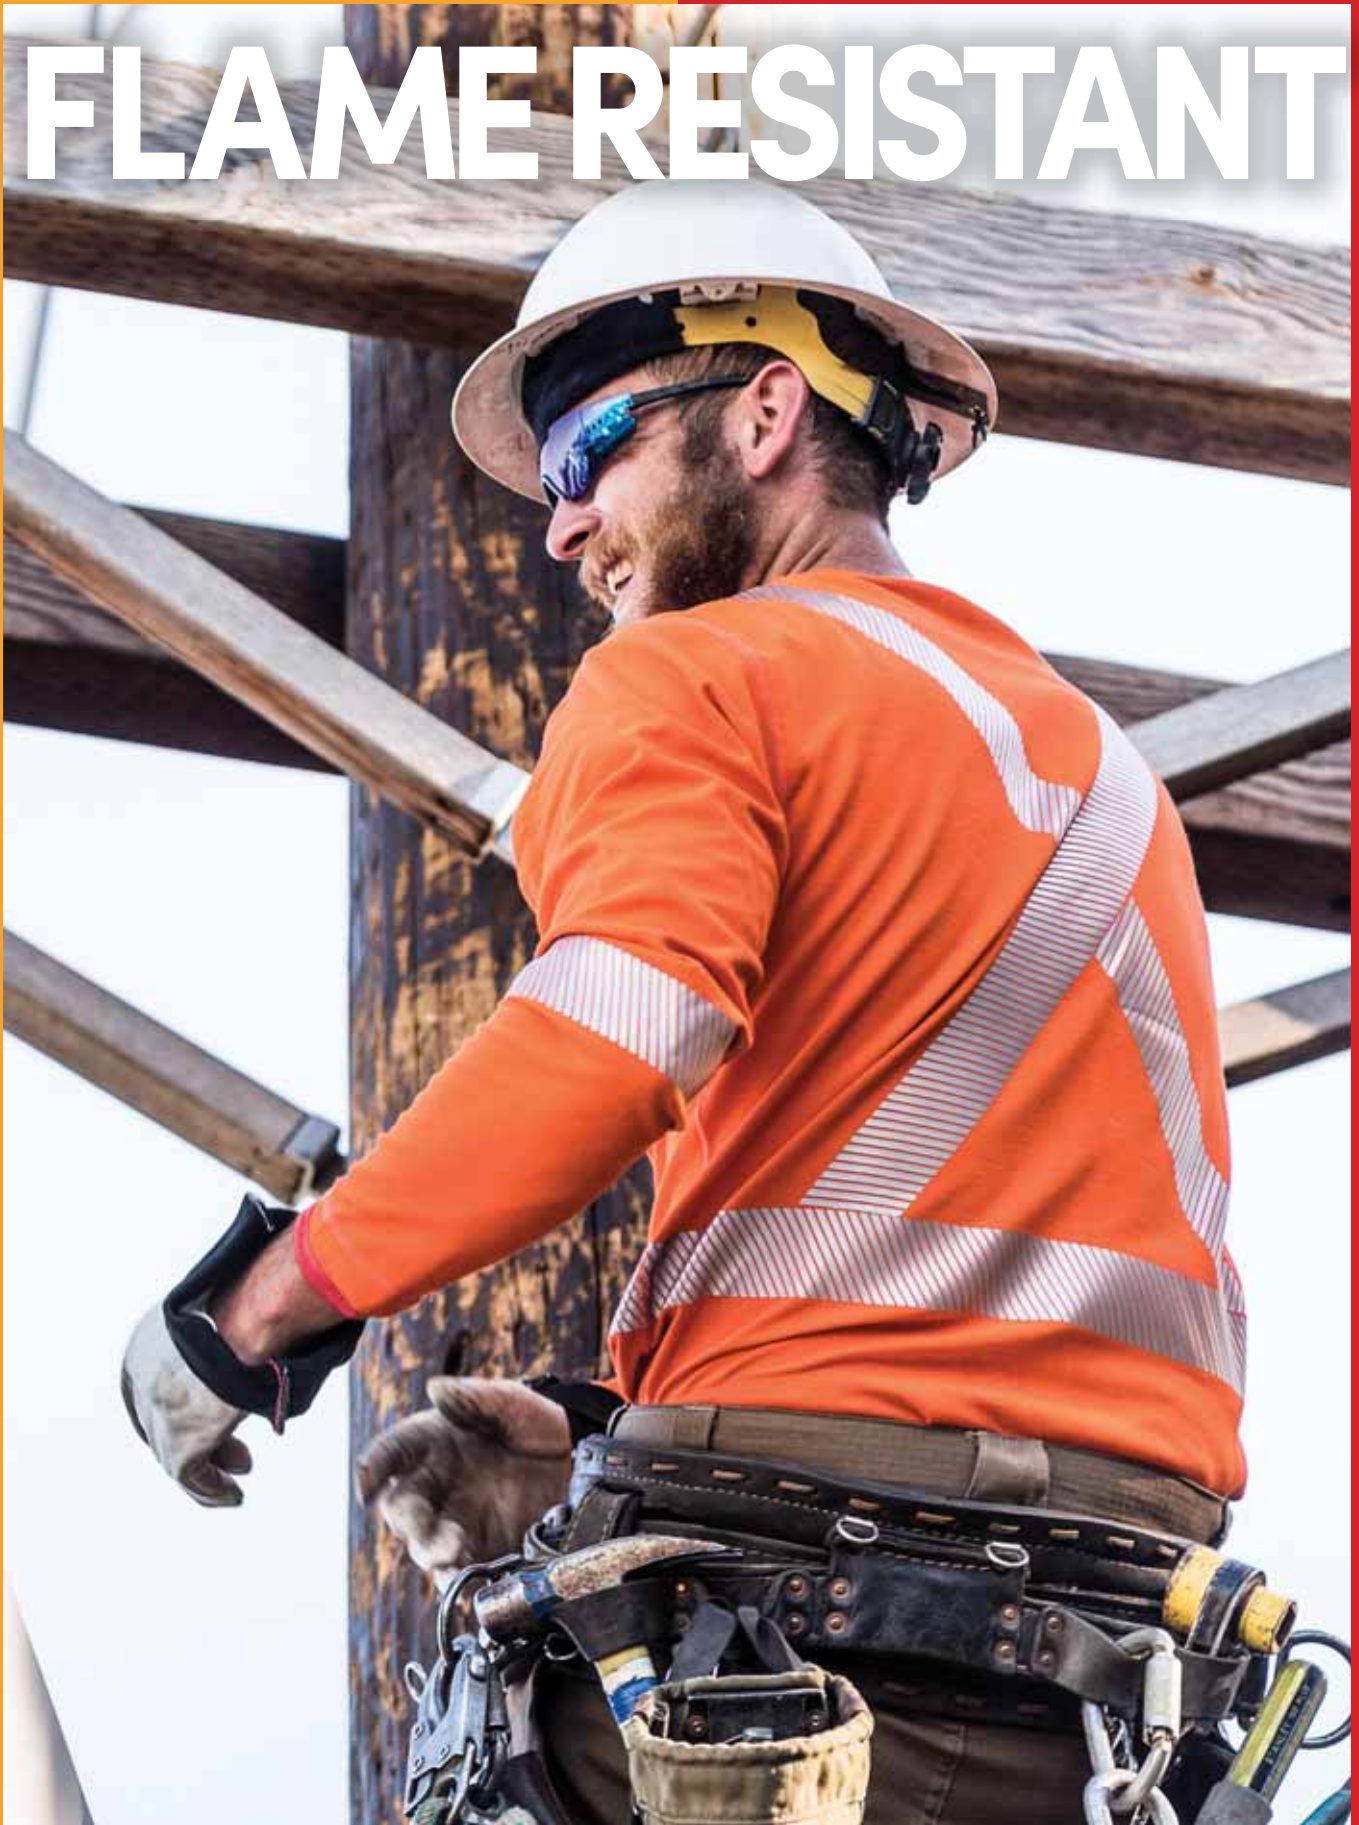

OVER SIZE STYLES MAY BE EXTRA. PRICES EFFECTIVE UNTIL DECEMBER 31, 2021

SUPPLIES ARE LIMITED IN SOME STYLES. Contact your Mark's Commercial Sales Representative for information on program pricing and volume discounts.
