3 CONVENIENT WAYS TO SHOP FOR COMPANY WORKWEAR AND FOOTWEAR

CLIENT SAVINGS CARD

Show the card at any Mark's store to receive your specified discount for a variety of store items shown on the card.

These cards are re-useable and valid until the expiry date found at the bottom of the card. The card must be presented for discounts to be applied against regular priced items. In the event of an item being sale priced, the lower price will apply.

CLIENT VOUCHER

Simply show the voucher at any Mark's store to receive the specified discount shown for a variety of store items listed on the voucher.

The voucher must be shown for discounts to be applied against regular priced items. In the event of an item being sale priced, the lower price will apply.

CLIENT INDUSTRIAL FOOTWEAR PURCHASING CARD

Our new footwear purchasing card contains all the benefits of the voucher combined with a more flexible client reporting experience and easier in-store purchasing.

The card is only to be used
on industrial footwear.

WE MAKE PROFESSIONAL GRADE GEAR TO HELP PEOPLE STAY AND FEEL ALIVE

Founded in Norway in 1877, Helly Hansen continues to develop professional-grade gear that helps people stay and feel alive. Through insights drawn from living and working in the world's harshest environments, the company has developed a long list of first-to-market innovations, including the first supple waterproof fabrics over 140 years ago.

Other breakthroughs include the first fleece fabrics in the 1960s, the first technical base layers in the 1970s, made with Lifa® Stay Dry Technology, the waterproof and breathable solution, HELLY TECH®, launched in the 1980's, and today's LifaLoft™ technology, an insulation revolution that will keep you warmer with less weight and bulk compared to traditional polyester insulation.

It's a tough job. *What keeps you going?*

Leo worked for moments like this... *you* work so your employees can have more moments like this.

Leo was a big strong man with a booming voice, but he didn't hesitate to push his daughter's stroller through the park or get on the floor to play cars with his son. To provide for his family, he worked for a paving company.

The family lost its cornerstone the day Leo didn't come home from work.

Learn more about Leo's family at threadsoflife.ca/erin/

We care as much about health and safety as you do. We support families like Leo's after the worst happens: an on-the-job fatality, serious injury or occupational disease.

You can help turn workplace tragedy into hope:

Spread the word — Build Threads of Life into your emergency response and EAP programs. Let those who need help know where to find it: www.threadsoflife.ca.

Get involved — Our members share their stories to help prevent future tragedy. Book a Threads of Life speaker for your health and safety day: www.threadsoflife.ca/speakers.

Designate and donate — Make Threads of Life your company's Charity of Choice. Your company's contributions will directly support Canadian families affected by workplace fatalities, life-altering injuries and occupational disease — visit www.threadsoflife.ca/donate

Association for Workplace Tragedy Family Support

Helping you prevent workplace tragedy. Helping victims of tragedy heal.

VizLite™ DT
DUAL TECHNOLOGY

IMAGINE A GARMENT THAT PROVIDES VISIBLE CONFIDENCE TO THE WEARER IN ALL TYPES OF LIGHT SITUATIONS.

**DAKOTA's new jackets
and vests with VizLite™
Dual Technology
is a combination of
phosphorescent
and reflective technologies
and is a revolution in safety.**

VizLite Dual Technology phosphorescence offers a third level of protection, when there is low light or no light, by giving off an intense glow for up to 8 hours, without the use of batteries.

2" reflective material in 4" contrasting tape meets WCB/Worksafe/DOT configuration. VizLite™ Dual Technology material contains both microscopic glass beads that act as light reflectors, reflecting light back to its original source and photoluminescent crystals which absorb UV energy that is then emitted as a light source in low or zero light conditions.

AVAILABLE AT

HI-VISIBILITY WORK WEAR

CSA Z96 Standards Explained

CSA Class 1

Apparel consists of a basic harness or stripes/bands over the shoulders and encircling the waist. The center portion of the torso bands between the two vertical bands is optional.

CSA Class 2

Provides wearer with more visibility than Class 1. Apparel has full coverage of the upper torso (front, back, sides and over the shoulders) and includes bib-style overalls. Stripes/bands are composed of retroreflective or combined performance materials.

CSA Class 3

Provides the greatest visibility for the wearer under poor light conditions and at great distances. Apparel meets the same requirements as Class 2 with the addition of bands around both arms and legs. These bands are made up of combined performance stripes/bands or a combination of retroreflective and background material.

BACK

MEN'S

SWEATSHIRT

MEN'S HI-VIZ CREWNECK SWEATSHIRT

FEATURES

- Microfleece construction wicks away body moisture.
- Made of durable polyester for long-lasting use.
- 4" Contrasting colour tape and 2" reflective silver tape on the front, back, and arms improve visibility in low light conditions.
- Classic crewneck design provides a timeless look.
- Rib-knit cuffs and waist ensure a snug and comfortable fit.
- 4-way comfort stretch allows for ease of movement and increased comfort.

SAFETY COMPLIANCE

CSA Z96-22 Class 2 Level 2. ANSI/ISEA 107-2020 Class 3 Type R.
